-

Experience

Frontend Developer (Web & Mobile)

Arca Payments • Lagos, Nigeria
03/2023 - 06/2025

- Engineered high-performing fintech dashboards for merchants and admins, achieving a 25% improvement in operational efficiency.
- Collaborated closely with cross-functional teams to deliver visually compelling and functional UIs.
- Enhanced app performance by reducing interface latency, leading to smoother user experiences.

Mobile Developer (Contract)

SaySwitch • Lagos
12/2022 - 03/2023

- Developed robust wallet applications for transfers, airtime, and utility payments with a 99% crash-free rate.
- Optimized frontend code for seamless integrations, improving overall app responsiveness.
- Conducted thorough testing and debugging, ensuring flawless deployment.

Frontend Developer (Web & Mobile)

Wyrr Inc • Houston, TX
01/2021 - 03/2023

- Spearheaded the creation of payment dashboards and tuition platforms, boosting user engagement by 30%.
- Delivered mobile and web applications with exceptional responsiveness and usability.
- Integrated secure payment gateways and implemented state management using Redux.

Frontend Developer (Web & Mobile)

Apace • Lagos, Nigeria
02/2020 - 03/2021

- Designed and developed e-commerce dashboards, increasing client satisfaction by 20%.
- Transformed UI/UX wireframes into scalable, responsive applications.
- Enhanced performance and functionality, improving user retention rates.

Frontend Developer

ITEX Integrated Services Ltd • Lagos, Nigeria

11/2018 - 03/2020

- Built and maintained fintech dashboards to streamline merchant and admin operations.
- Led frontend projects focused on usability improvements and cross-platform compatibility.

Frontend Developer

BlueCode Solutions • Lagos, Nigeria

05/2016 - 07/2018

- Delivered end-to-end payment solutions, including frontend and backend components.
- Played a critical role in enhancing system reliability and scalability.

Frontend Developer (Healthcare/EMR)

NetwalkersNG • Lagos, Nigeria

01/2015 - 04/2016

- Built a web-based **telemedicine** and **Electronic Medical Record (EMR)** application with offline-first capability tailored for clinics with limited internet access.
- Utilized **React.js** and service workers to enable real-time patient records and doctor-patient interactions in low-connectivity environments.
- Collaborated with healthcare stakeholders to design clean and secure user interfaces for managing consultations, prescriptions, and patient data.
- Gained foundational exposure to the healthcare industry, data privacy requirements, and patient-centered software design.

Education

B.Sc. in Computer Science

Miva University • Lagos, Nigeria
